PREFACE

The Mercy Center's Family Resource Center is pleased to present the third edition of our Community Resource Guide for Asbury Park, NJ, and surrounding areas.

The Resource Guide provides emphasis on state, Monmouth County and local social service agencies. Numerous essential, private non-profit services and organizations are also listed. One of our unique objectives is to highlight the significant support programs provided by the local faith community, fraternities, sororities and other professional organizations. We have also listed a few for-profit organizations that provide support to residents and supplement other social service sponsored programs. We feel this guide will facilitate the flow of needed services to residents and enhance the collaboration and referral process between service providers.

In the preparation of this directory, we deeply appreciate the exceptional support received from the Department of Social Services and Community Relations, Director, of Asbury Park and all service provider organizations that submitted program information to be listed.

Special thanks go to the Monmouth County United Way and its Director. The office generously shared its experiences and the knowledge gained in their preparation of the renowned Monmouth County "Red Book" Directory of Social Service Providers. Some of our listings were extracted from the Red Book.

Finally, our Resource Guide would not be a reality without the generous financial support received from The Pascale Sykes Foundation, Sea Bright, NJ, Asbury Park Community Collaborative, Asbury Park, NJ, the City of Asbury Park and the New Jersey Department of Children and Families.

We extend warmest thanks to all our many supporters. We hope this Guide will be beneficial to the residents of Asbury Park.
